LC: I can compare the capacity of containers using non-standard measurements.

We can measure the capacity of containers using non-standard units, like bowls, to help us order them from the largest to the smallest:

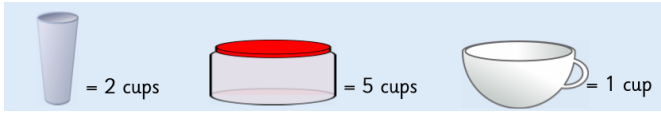

Complete the comparative sentences about the capacities of the cartons:

larger

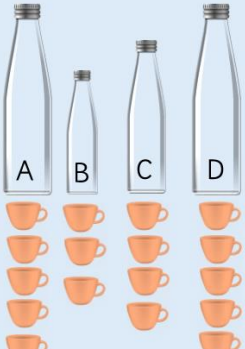

smaller

	The apple juice carton has a _____ capacity than the orange juice carton.
	The orange juice carton has a _____ capacity than the apple juice carton.

Write 1st, 2nd and 3rd to order the containers from largest to smallest:

	
	

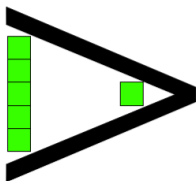

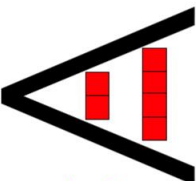

Challenge: Write the letter of the bottles to complete the comparisons with symbols:

<input type="text"/>	>	<input type="text"/>
<input type="text"/>	<	<input type="text"/>
<input type="text"/>	=	<input type="text"/>

Use these pictures of the comparison symbols to help you:
